Corel(R) Corporation and its subsidiaries today began shipping Corel(R) WordPerfect(R) Suite 7 for Windows(R) 95. This 32-bit version of the **award**-winning Corel WordPerfect Suite puts the Internet to work while tightly integrating Corel(R) WordPerfect(R) 7, Corel(R) **Quattro Pro** 7, and Corel(R) Presentations(TM) 7. Corel WordPerfect Suite 7 takes advantage of Windows 95 with 32-bit applications and enables users to finish faster and work smarter with improved output. "Corel WordPerfect Suite 7 for Windows 95 redefines the "office suite" by including integrated best-of-breed graphics and Internet power as well as standard office applications," said Dr. Michael Cowpland, president and chief executive officer of Corel Corporation.
