Thanks for your support, Geoff. Confidentially, this one will pay off big for Novell someday.

Henry,

Further to our phone conversation, it will be in order for you to fly to US to assist the Caldera lawyers. Let Ralph and me know your travel and accommodation arrangements.

As agreed, it will be necessary for you to make arrangements with Scott Yeh to cover some of your planned activities for next week.

Regards

Geoff

Dear Geoff, Ralph :

Caldera has asked me to assist their lawsuit against Microsoft regarding DR DOS. Attached is the email from David Bradford.

Caldera asked me to arrive USA this Sunday (May 10) and the agenda is :

Monday, Tuesday : Caldera lawyers talk to me

Wednesday : Caldera CEO talks to me

Thursday : Fly back to Taiwan

Friday : Arrive Taiwan

The meeting has to be in the next week and it cannot be a later day. I've expressed to Caldera that I have a tight schedule next week, however they insist that my trip will be very helpful for the lawsuit.

Caldera will cover all the expense.

Please advise.

Regards

Henry

Dear Henry:

I understand that a group of American lawyers which represent Caldera in its lawsuit against Microsoft would like to meet with you.

This Memo is to let you know that Novell Corporate is supportive of Caldera's efforts. Further, I would encourage you to meet with these lawyers and provide the necessary assistance.

Very Truly Yours,

NOV-23-000949
